CAREER OBJECTIVE

Diligent professional with proven knowledge of peer counseling, program development, and recruitment. Aiming to leverage my abilities to successfully fill the Senior instructor/ Lecturer role on your team. Seeking to utilize excellent communication, interpersonal, and organizational skills to complete tasks. Reliable with a good work ethic, the ability to work within a team and to quickly adapt to new tasks and environments.

EXPERIENCE

November 2021 - Present

Assistant Lecturer of Urology

Luxor University, Luxor

- Evaluated student performance to ensure successful completion of courses.
- Attended faculty meetings regularly to stay informed about changes in university policies or procedures.
- Created lesson plans that incorporated technology-based methods for delivering instruction.
- Encouraged critical thinking skills among learners by providing thought-provoking questions during lectures.
- Participated actively in committees responsible for making decisions regarding departmental policies and procedures.

November 2018 - Present

Medical Manager

AlRazi Medical Hospital, Qena

- I am the Medical Manager of a private Hospital which have more than 50 beds.
- Led and directed team members on effective methods, operations and procedures
- Resolved conflicts between personnel at different locations by using mediation tactics such as open dialogue sessions.
- Administered annual operating and capital budget to facilitate profitability.

February 2022 - August 2022

Clinical Fellowship

Mansoura Urology and Nephrology Center, Mansoura

- Mansoura Urology and Nephrology Center which was established as an exemplary work of Dr. M. A Ghoneim and is ranked as one of the top 5 urology centers in the Middle East.

- I spent a six-month clinical fellowship in the Urology department during which i have received training on management of **Uro-Oncology** cases:
- how to diagnose
- how to investigate
- how to counsel the patient
- how to do **Radical Cystectomy** and Urinary Diversion.
- how to do **Radical Prostatectomy**.

March 2017 - October 2021

Specialist of Urology

Qena University Hospitals, Qena

- Qena University Hospitals are the official hospitals of Qena Faculty of Medicine which are a tertiary medical center have 500 beds and serve more than 5.6 million people.
 - Senior surgeon at operative theater leading a team of 4 surgeons.
 - Responsible for administrating medical services in outpatient clinic, in-patient ward and the operative theater.
 - During my work at Qena University Hospital as a resident doctor and followed as a specialist of urology, I have received a well training in performing:
- All endo-urology procedures from **cystoscopy** up to **percutaneous nephrolithotripsy**.
 - open surgical techniques such as **open prostatectomy**.
 - Minimally invasive management of stone disease using **Extra-corporeal Shock Wave Lithotripsy (ESWL)**.
 - basic and advanced principles of **laparoscopic surgeries**.
 - Diagnosis and management of **Andrology** issues in a wide spectrum ranging from requesting special investigations, prescribing medical treatment, performing microscopic varicocelectomy, testicular biopsies and **penile prothesis**.
 - **Urethral and Hypospadias** surgeries.
 - **Pyeloplasty** in children and fulguration of posterior urethral valves.
 - Surgeries for **undescended testis** and congenital inguinal hernia.
 - Management of **Urological Emergencies** (such as renal trauma, penile fractures, testicular torsion, acute renal failure,...etc).
