## 👤 Profile

Dedicated **Civil Society Professional** and Master's researcher in **Smart Management for Climate Change**, with a proven track record in **environmental advocacy** and community mobilization. Recognized globally as a **UPG Sustainability Leader** (Top 60), I have successfully trained and empowered over 80 youth, acting as a **multiplier** for **Sustainable Development Goals (SDGs)** within my community. I am eager to transfer advanced policy tools to strengthen the **civil society network** in Egypt.
